

# *Mark Lane*

Having grown up in a Pastor's family where church isn't just somewhere you go, it's a way of life, Mark Lane has seen music ministry first hand. His grandfather has been Mark's pastor his whole life and his mom the church pianist for just as long. It was only natural that he started singing in church at the age of 5 years old. Just two years later, at the ripe old age of 7, he and his two older brothers started learning music. In those early years, the Lord placed a deep love for music in Mark's life. That love and passion matured into a calling. That call is evident today in his songwriting, vocals, and musicianship. Now, at the age of 27, Mark has recorded his first solo project, packed full of songs he's written. This new recording is, to put it simply, an answer to prayer. Another testament to God's faithfulness.

Mark Lane currently travels full time with the legendary Troy Burns Family where you'll find him singing the baritone part and playing guitar.

The purpose of Mark's ministry is to uplift the name of Jesus, spread the Gospel, and encourage the listener - and he's excited to share his brand new music with YOU!
